It was difficult to feel uneasy in an ordinary-looking town on a sweet spring morning, but in such silence he must wonder if he was indeed in a plague-stricken place or an island under a curse. He went on. Between a house and an old plum tree was a wash line, the clothes pinned on it flapping in the sunny breeze. A cat came round the corner of a garden, no abandoned starveling but a white-pawed, well-whiskered, prosperous cat. And at last, coming down the steep little street, which here was cobbled, he heard voices..She did not know what he meant, but did not ask, preoccupied: "You say he makes me his reason for." Most of the islanders who survived were wise women and their children, who had hidden themselves in the town or in the Immanent Grove. The men now on Roke were those spared children, grown, and a few men now grown old. There was no government but that of the women of the Hand, for it was their spells that had protected Roke so long and protected it far more closely now..observing this scene..After a long time, Azver said, "I have no idea." Will it take a long time to find one to take us, do you think?".Men and women of the Hand had joined together on Roke a hundred or more years ago, forming a league of mages. Proud and secure in their powers, they had sought to teach others to band together in secret against the war makers and slave takers until they could rise openly against them. Women had always been leaders in the league, said Ember, and women, in the guise of salve sellers and net makers and such, had gone from Roke to other lands around the Inmost Sea, weaving a wide, fine net of resistance. Even now there were strands and knots of that net left. Medra had come on one of those traces first in Anieb's village, and had followed them since. But they had not led him here. Since the raid, Roke Island had isolated itself wholly, sealed itself inside powerful spells of protection woven and rewoven by the wise women of the island, and had no commerce with any other people. "We can't save them," Ember said. "We couldn't save ourselves." "Not hiding at all. Went about the city, talking to people. Went to see his mother in Endlane, "Otter," said the flat voice.."Excuse me, Master," he said. "I have to think."..reflections. "Come on, where are you?" I heard her whisper. I saw only the pale smudge of her."They do, they do," Tuly said. "Everything is hooked together, tangled up!". "Of all of us. Of Way, and Felkway, and Havnor, and Wathort, and Roke. All the people of the islands. He says that when King Lebannen was to be crowned, last autumn, he sent to Gont for the old Archmage to come crown him, and he wouldn't come. And there was no new Archmage. So he took the crown himself. And some say that's wrong, and he doesn't rightly hold the throne. But others say the king himself is the new Archmage. But he isn't a wizard, only a king. So others say the dark years will come again, when there was no rule of justice, and wizardry was used for evil ends." "If I do, it will be thanks to you," she said. In that moment he loved her for her true heart, and would have forsworn any thought of her but as his companion in a bold adventure, a gallant joke..Tarry came back with his band in an hour or so, ungrateful for the respite and much the worse for beer. He interrupted the tune and the dancing, telling Labby loudly to clear out.."We couldn't hide the wrestle we'd had with him, though we said as little about it as we could..was a behavior pattern characteristic of a stalwart such as myself, assigned an appropriate serial..He told her, as well as he could. "We were strangers. Yet she gave me her name," he said. "And I gave her mine." He spoke haltingly, with long pauses. "It was I that walked with the wizard, compelled by him, but she was with me, and she was free. And so together we could turn his power against him, so that he destroyed himself." He thought for a long time, and said, "She gave me her power."
